SCIENCE CONTENT

“What do I get in the kit for each level?”

- Each kit includes:
- 6 Lap Book Titles with 36 identical small versions
 - 6 Teacher Notes (one per title)
 - 6 Oral Language Photo Cards (one per title)
 - Audio CD of all 6 titles
 - Overview for photocard instruction

CLASSROOM COLLECTIONS

6 Lap Books with 36 small versions (6 for each title)

Oral Language Photo Cards (one for each title) with Program Overview

Audio CD (6 stories, each read twice)

6 Teacher Notes (one for each title)

“What are the benefits of having both Spanish and English versions of the lap books and student books?”

Students in dual language programs will benefit from reading science standards based content in both languages enhancing comprehension and the acquisition of academic vocabulary. Also, having the same book in Spanish and English facilitates parent support for content based homework activities.
